

# SEPTEMBER: California Wine Month

---

---

Our favourite month of the year gives us an excuse to celebrate our favourite wine growing regions in California: Napa, Sonoma & Lodi. We are incredibly proud to be one of the UK's leading ambassadors of Californian wines, specialising in boutique wineries with extremely low yields, meaning most of our wines are very rare due to their strict allocation policies. We love it so much we're extending the celebrations till the end of October!

## California Wine Tasting

---

This year we invite you to try a selection of our exclusive & rare bottles by the glass, we've hand selected five wines that we believe showcase the best California has to offer. Whether you like a lighter style from the coastal region of Sonoma, a big bold wine from Napa Valley or an incredible value for money wine from Lodi we have you covered!

## CAMi At Home

---

214 **2021 CAMi Merlot**  
Merlot. *Only 30 cases were produced, we got 22 of them.*

The definition of what a Californian Merlot can be. We're thrilled to offer you an exclusive opportunity to take away a bottle of Cami Merlot at the very special price of **£90**. Perfect to drink at home or to give as a gift.

*We secured the whole UK allocation on the 2021 CAMi Merlot because we loved it so much! We are delighted to announce that the owner of the winery, Laurie Shelton, has agreed to release a few extra cases, at a very good price, in celebration of California Wine Month, so we thought we'd offer you the opportunity to take a bottle home to enjoy it with your friends and family.*

***These are limited to 1 bottle per guest.***

# Introducing CAMi Vineyards

---

---

This outstanding Californian vineyard was first acquired by Tom and Laurie Shelton back in 2000. They quickly became stewards of the Napa Valley prestige wineries. In 2018 Tom Shelton passed away and Laurie has been carrying on his legacy ever since. The vineyard itself is only 2 acres (about the area of a Manhattan city block), with old vines and low yields - the wine is strictly allocated, making it extremely difficult to get hold of.
